FOREWORD

We, the Senior Class of 1968, are most proud of this year's Skirmisher because we have put much time and effort into its preparation. It is a final record of the past four years and a summary of the memories that will abide with us throughout life. Each member of the Senior Class feels that Fork Union Military Academy has helped to develop him into genuine manhood. The Skirmisher Staff obviously cannot indicate in this book all the knowledge gained nor the total memories of friends and occasions which have been known and experienced during our years at the Academy. It is hardly possible to find adequate words to thank everyone responsible for his help and guidance. We bid a fond farewell to our Alma Mater and express the hope that God will bless it and keep it safe through the coming years.

Our self-made men are the glory of our institutions.

MILITARY STAFF

The Senior Class of Fork Union Military Academy feels privileged in an extraordinary sense to dedicate this 1968 edition of the *Skirmisher* to *Colonel James Caldwell Wicker*, President of the Academy. We do this as a sincere testimonial of our profound respect, high esteem, and deep affection for a truly great personality who has exerted enormously beneficial influence upon our lives and upon those of many other young people in past years. Having announced this year his retirement from the presidency of the Academy, Colonel Wicker richly deserves for virtually innumerable reasons this highest recognition and honor we are empowered to accord him.

He has served with notable distinction a twenty-three year tenure as the energetic, devoted, and singularly effective chief executive of this institution; he has assumed with remarkable sensitivity a position in loco patris to thousands of young men through the years—always a wise, compassionate, and genuinely concerned counselor for them; he has developed with undeviating purposefulness a total environment—spiritual, academic, and physical—wherein the intellectual climate is of such calibre as to encourage maximum individual advancement; he has made of his presidency of Fork Union Military Academy the tour de force of a lifetime, particularly in terms of assisting legions of boys not only to become better educated but also to mature into the type of citizens our democracy requires if it is to survive; and he has as a minister of God, as an educator, and as a natural leader perfected a fine school into a great one, thus assuring that the influence of his life will long be remembered as a magnificently useful force in the affairs of men.

We wish you well in your retirement, Colonel Wicker; it is our hope that you and Mrs. Wicker may experience many years of peace, good health, and happiness. In our opinion, this paraphrase of an ancient Irish toast best expresses the Farewell we would say to you:

May the road rise with you;
May the wind always be at your back;
May your horizons remain forever green;
And may you some day rest in the
Hands of the Lord.

DEDICATION

COLONEL JAMES CALDWELL WICKER

Administrative Staff

and

Faculty

The members of the faculty of Fork Union Military Academy have given innumerable hours of their time in efforts to develop us into good, responsible citizens. Many of the faculty have dedicated their entire lives to the education of young men, and they are ever ready to help any cadet with any problems that may arise. The Senior Class is at a loss to find adequate words for the expression of our appreciation to these fine men; however, we shall never forget them and their influences upon our lives. Perhaps the best we can do in this circumstance is simply to say "thank you" to our faculty; their greatest reward will doubtless come in observing our successes as we contribute, each in his own individual way, to the total forward movement of our country's history.

Never have so many owed so much to so few. —SIR WINSTON CHURCHILL

SENIOR CLASS

We have waited four years to graduate, and the time has finally arrived! Throughout these years, and despite our mistakes, Fork Union has moulded all of us into better men. Very soon we shall be leaving Fork Union, and some of us may never see the campus of our beloved Alma Mater again. We shall never forget the many lessons this fine institution has taught us, nor shall we forget the numerous friends we have made over these years. It was here, during the most crucial period of our lives that the Academy built our characters into those of finer men for a worthy nation. There are times when words are all too inadequate; however, and most sincerely, we—*The Senior Class of 1968*—wish to express our eternal gratitude to the faculty and the Academy for their efforts in our behalf.

It is what we do, more than what we think, that fits one for the future.

IN APPRECIATION

COLONEL H. M. WALDRON
HEADMASTER EMERITUS

The Administration, Faculty, and Cadet Corps are happy to be able to dedicate this page to a man who has "carried the burden in the heat of the day" and who richly deserves his retirement and any honors that may be heaped upon him for a job "well done."

Colonel H. M. Waldron Retires

A Commentary

(Courtesy, *The Sabre*)

Colonel Harry Morton Waldron, Headmaster of Fork Union Military Academy during the past nineteen years, retired in August, 1967 from this most influential, sensitive, and important position. Having served as headmaster for a longer period than any of his predecessors and having demonstrated in his every official and personal act a degree of sincerity, dedication, and loyalty truly unique among men, *Colonel* Waldron has continued the characteristically busy pace of his life as a member of the Academy's English faculty. This institution is far richer than it might have been because of his decision not to retire fully from the always incomplete work of the education profession.

It can be said without hyperbole that Fork Union Military Academy is *Colonel* Waldron's life. He attended the Academy as a cadet and graduated with distinction after completing his entire high school course in three years. During a fourteen-year period prior to assuming the headmastership, he served as a member of the teaching faculty. In returning to the classroom to teach twelfth grade English, he underscores and emphasizes the constancy of his allegiance to education in general and to the very special academic mission of Fork Union Military Academy in particular.

It is, of course, quite difficult to measure or to evaluate adequately the influence, contribution, and character of any man. In a sense, this is God's function, not that of other men. Concerning *Colonel* Waldron, the task of appraisal is clearly an impossibility, most especially for those who have known him well through the years. His indefatigable labors as a teacher and administrator; his resolute, unswerving loyalty to this institution and to its stated purpose of making responsible, Christian men from the raw material of untried boys; his utter devotion to duty; his manifest desire to be of service to his fellowman at all times and in all places are the hallmarks of this wonderful, Christian gentleman. At the same time, the qualities of mind and spirit that make *Colonel* Waldron what he is—a man stimulating to know and rewarding to remember—are, collectively, a kind of object lesson in terms of what a human being can and should do with his life.

It is altogether fitting, then, that the Board of Trustees, in their October, 1967 session on campus, honored *Colonel* Waldron by naming him Headmaster Emeritus of Fork Union Military Academy. In the words of the poet, Edwin Markham:

"He held his place—
Held the long purpose like
a growing tree—
Held on through blame
and faltered not at praise"

Last Will and Testament

Through the years at Fork Union Military Academy, the Seniors have always left behind them an imposing and imperishable document known as their Last Will and Testament. With a bow to tradition and fearful that certain irreplaceable legacies might otherwise go astray, the current Senior Class herewith publishes and submits for probate its most important public paper of the year. Debilitated by that strange and vague malady uneuphemistically called "Senior Rot" and terribly aware of a measurable degree of mental limitation, the members of the Senior Class of 1968 hereby devise and bequeath the following items to those specifically mentioned in each case.

Paul Ringheiser bequeaths Tammany Hall and its wares to his cohorts, Pee Wee Harris and Ignatius Victorio Shoemaker. *Chip Pratt* bequeaths his "special" smoking permit and a pair of worn-out boots to the next First Sergeant of the Drill Platoon, hoping that the said First Sergeant will avoid any such indulgence. *Nevel DeHart* bequeaths his magnificent vocal equipment and his propensity for injury in athletic contests to any mental midget wanting them. Big *T. J. Mandina* resigns his management of the "A" Company pleasure-dome to "Corky" Caldwell; also, to emphasize his genuine spirit of altruism, he leaves to the officials of the Commandant's Department a life-time membership in the Mickey Mouse Club. *Larry Bell* bequeaths to John Leonard a major's supply of Smithfield hams in the hope that another year of profitable distribution may ensue. *Rod Lambeth* wills his ability to do absolutely nothing and continue to hold a captain's rank to "Corky" Caldwell. Perhaps the latter can maintain equally high standards during 1968-1969. Cadets *Bill Shaw, Gee Crossman, Don Martin,* and *Bush Collins* will to the Commandant's Department a large supply of officers' pins misplaced during the year. *Robert Duncan* wills to Captain Pulliam a large supply of *Playboy* magazines and hippie newspapers, hoping that next year's cadets will enjoy them as much as he has, even though they are old. He also fondly bequeaths the assorted idiosyncrasies of the Commandant's Office to the next Color Guard Commander. *Wayne Duncan,* distinguished gentleman and scholar, leaves to the next Battalion Commander the following miscellany; an optimistic outlook, an imperturbable disposition, and a case of unused "shot glasses," hoping in the latter case that traditionally friendly Fluvanna will soon vote favorably regarding local option. *Wade McPhaul* bequeaths his size eleven soccer shoes with the razor-blade toes to Bill Cabaniss, the next hack of the soccer team. *J. G. Williams* wills his secret recipe for losing seventy-five pounds in one year to Cadet Suder, who obviously needs all the help he can get. *Mike Carney* affectionately bequeaths to "T" Shelton one set of burnt rear tires, a brand-new toothbrush to clean the pavement when he uses them, and a badly abused and used PFC stripe. *Bill Brooks,* if he is sufficiently lucky to hold his rank until year's end, wills his great sense of responsibility developed as a Master Sergeant to any fine cadet who may imagine that he can perform so beautifully. *Frank Beers,* claiming a sound mind and body,

leaves his ability to have fun without seeming to do so, to anyone who wants it; he bequeaths his job to any individual with sufficient patience to deal with Commandant's Office and his lost leaves to Major Ross who will doubtless enjoy them. *Edgar Rivera,* everybody's friend, wills his extraordinary ability to find an excuse for anything to all future cadets, Seniors or otherwise, who may be in trouble. *James Eliot Sykes* bequeaths an unusual and fascinating ability to acquire food to Carl Hilton. *Greg Stankie* willingly leaves to the next occupants of B-308 the patience and forbearance necessary to tolerate an objectionable neighbor; not unwisely, he also leaves his brother a reputation he can only try to live up to. *Robert Lenz* bequeaths to Bill George his ability to get along with "DAD" Folkes and to Steve "T" Shelton a copy of *What Every Young Man Should Know. Military Marv Stone* bequeaths his big green chair and his entree to the Downtowner Motel in Richmond to the next "C" Company Commander. *Steve Wilson* leaves the myriad beauties of our Mess Hall to Paul Anderson and a weight-reducing course to Mess Sergeant Markham. *Dennis Baugh* reluctantly leaves his abilities as a malingerer—he was "off ranks" from February to June—to the next lucky cadet with a broken leg. *Mike Afton* bequeaths his beat-up soccer shoes and his ability to become a member of the line, after having served as goal tender, to "Corky" Caldwell.

Ed Marston bequeaths his knowledge of how much better a Malibu is than a Fairlane, plus his scholarship pin, to Steve "T" Shelton; he is most happy to will his ability for rank advancement to Jan Fraley. *Ben Shaw,* in an especially philanthropic mood, bequeaths his sweat pants and soccer shorts to the next battalion astronomer. *R. H. Scott* bequeaths to "Cousin" Shelton a plastic surgery kit, compliments of the Grand Wizard, and wishes him a very White Christmas. He also leaves his exceptional ability to be personable and cooperative to anyone in need of either characteristic. *Mike Anthony* affectionately bequeaths to a certain Cadet Fallon the capacity to maintain the grossest room in the Corps for four years. He also wills his reputation as an amazingly efficient NCO for four years to whoever wants it. *Wayne Ventura,* alias the W.O.P., wills his deeply-treasured Spanish Mauser—1928 vintage—to any future cadet for whom it may provide just as many years of worthless service. *Gopher Gregory,* of fairly sound body and mind, wills to Bill Newbill a pair of boot-blousers, a used spitshine rag, and a very personal toothbrush. *Russell Lee Owens,* a person of vastly charitable instincts, wills to the entire Class of 1969 his superbly developed blasé attitude; he leaves to Captain Meadows or to anyone else not understanding the subject, his ability in comprehending the intricacies of government; finally, to any similarly unfortunate cadet of the future, he bequeaths the world's largest spider colony heretofore housed and nourished in his own mailbox. *Henry Chandler* leaves two boxes of super weight-gaining pills to Major Ross, and his ability to get along with the Commandant and all his assistants to the next operations officer. *Frank Caruso,* of the Quartermaster's Department, wills to Steve Harris the smoothness of his operations in shoving clothing across the counter. *Rick Vicknair* bequeaths to the next executive officer of "C" Company an

MILITARY

It is traditional at Fork Union Military Academy that an èsprit de corps based on firm and reasonable discipline shall be, in terms of high standards, as important as academic instruction. Each cadet is taught how to live and to work in harmony with his peers and how to conduct himself personally as a true gentleman under the varying circumstances of life. The military program of the Academy attempts to instill in each cadet the recognized cardinal virtues, especially those of loyalty, honesty, moral courage, and enthusiasm of purpose.

The cadet at Fork Union quickly realizes the devotion to duty that genuine leadership requires; his careful training teaches him how to be organized and disciplined in his efforts and how to express himself clearly and tactfully. He learns that success inevitably requires at least some personal sacrifice and that this sacrifice is thus not in vain. Cadets who graduate from Fork Union Military Academy to embark upcn their various careers invariably write or return to express their gratitude for the character building instruction and training they have received through our Military Department.

To be prepared for war is one of the most effectual means of preserving peace.

—GEORGE WASHINGTON

Our self-made men are the glory of our institution.

The Military Department

The Academy's Military Department, under the capable and dedicated leadership of *Major* R. L. Pulliam, *Commandant* of *Cadets,* in co-operation with his associates, has worked successfully throughout the 1967-1968 session to teach the *Corps of Cadets* innumerable values which lead to responsible citizenship. Particular emphasis has been placed on inculcating a deep sense of pride in our nation, together with an understanding of what this love for country can mean to the free world today. The compulsory training program in rifle safety and marksmanship, conducted on our out-door range by *Commander* E. F. Chandler, U.S.C.G. *(Retired)*, was well received by the entire *Corps of Cadets.* During the year each cadet has fired at least the first step of the National Rifle Association's basic requirements. In essence, the Military Department has contributed an invaluable measure of assistance to the total education in mind, body and spirit of our *Corps of Cadets.*

Membership in the Retan Rifles, the elite marching organization of the Cadet Corps, is open to all cadets who show an interest and a proficiency in drill. A distinctive shoulder patch, helmet, shoulder cord, and the U. S. Army '03 rifle readily identifies a cadet as a member of the Retan Rifles. During this school year the honor platoon participated in the Tobacco Festival Parade in Richmond, the Christmas Parade in Lynchburg, and the Azalea Festival in Norfolk, Va. This precision unit also provides the half time activities for home football games and presents exhibition drills for the Corps and visitors during spring reviews. This year the platoon is commanded by *Cadet Captain* J. D. Huggins and is sponsored by the Military Department here at Fork Union. *Captain* W. C. Davis, U. S. Army (*Retired*) is advisor to the Retan Rifles.

The rifle team is a competitor in the Military Schools Rifle League. Matches are also scheduled with independent school rifle teams in the area. Postal matches are also conducted, each team firing a regulation match on its home range and mailing these scores to the host school for comparison. Shoulder to shoulder matches on a home and home basis is the usual type of match scheduled. The team completed the season with three wins and three losses. We want to express our appreciation to the team and their excellent coach for a fine season. The team is coached by *Commander* E. F. Chandler, U. S. Coast Guard Reserve (*Retired*).

The N.C.O.'s Club

The Cadet Non-Commissioned Officers are all the cadets with rank of corporal through master sergeant. Each has a definite assignment in his respective unit; therefore, his responsibilities are many. We are very proud of the high standards maintained during the year by this fine group of cadets. Our N.C.O. group has been well trained by our Military Department. Out of this group of cadet N.C.O.'s will come the cadet officers for the following year. They are sponsored by *Major* Ross, and *Captains* Davis, Keith and Meadows who are members of our combined Military and Commandant's Department.

ORGANIZATIONS

It is a truism that not all the values of an educational experience come from the formal Classroom. At Fork Union Military Academy a substantial number of clubs and societies enable the cadets to gather together in relatively small groups for intensive study and discussion of a variety of avocational interests. Each cadet is encouraged to seek membership in one or more of these organizations to broaden and enhance his formal instruction. A faculty sponsor for each of the clubs guides and stimulates activities in terms of purposeful effort and maximum use of time. The National Honor Society, the Athenian and Ciceronian Literary Societies, the Journalism Club, the Drama Club, DeMolay, and the National Rifle Association—to name a few of the groups into which a cadet may find himself cordially received—indicate the range of interests which Fork Union's clubs and societies offer. Of no small significance, obviously, is the social experience derived in a club's atmosphere of relaxation and freedom of inquiry removed from the usual military regimen. The Cadet Corps is greatly benefitted in so many ways, tangible and intangible, through the Academy's provision of a most thorough program of club activities.

Behind an able man there are always other able men. —ANONYMOUS

Quill and Scroll

Captain
HENRY ARTHUR CHANDLER
President

The Quill and Scroll Honorary Journalism Society was organized in 1926 by a group of high school advisers for the purpose of encouraging individual achievement in journalistic endeavors. Membership is not open to everyone, and each year a few cadets are chosen for this honor. Membership is based on the following requirements: (1) A candidate must be at least a junior in class standing. (2) He must be in the upper third of his class in overall scholastic work. (3) Each candidate must have contributed to some phase of journalistic work in a superior manner. (4) He must be approved by the advisor. (5) He must be approved by the executive secretary. The Fork Union Chapter of the Quill and Scroll was organized in the school year of 1946 and 1947. The Quill and Scroll is one of the two international organizations of the Academy.

The Athenian Literary Society throughout this, its fifty-seventh year, has been an organization striving for the advancement of speaking ability. Techniques have been explored, speech characteristics studied and developed in weekly meetings, and topics of interest to the entire group discussed. We listened to the readings of favorite poems and great speeches, and we had some oratory we felt was good. Yet, perhaps, the most singularly interesting activity was debating, and we all put a great deal of work into it. Our chief goal has been to nourish the ability and instill the desire to be an exceptional and competent orator. We hope there will be as many good times and profitable experiences for the Society throughout its lifetime.

This Society is the older of the two literary societies on the campus. It was divided into two societies in 1911. The main purpose of the society is to develop better speaking habits and to develop an appreciation for the art of speaking. Every week the society has a program in which the members actively participate, by stressing the importance of debating, declamations, orations and the reading of poetry. These meetings provide the members with a chance to speak in front of a group. This work is done throughout the year; and the final debate, at the end of the year, climaxes the cadets' work.

The Fork Union Chapter of the National Honor Society is made up of post-graduates, seniors and juniors who are elected to membership on the basis of superiority in scholarship, service, leadership and character. The National Honor Society is comparable to Phi Beta Kappa of college level. Its purposes are to create an enthusiasm for scholarship, to promote worthy leadership, to stimulate a desire to render service and to encourage the development of character.

In addition to the cadets listed below, the Fork Union Chapter includes also a chapter council consisting of five members of the administration and faculty: *Major* J. W. Pendergrass, *Majors* H. R. Kelly and H. F. Reichenbach, and *Captains* J. M. Hunt and E.H. Lacy. Seniors and juniors are recommended for membership by the cadet members and elected by the chapter council. The chapter holds regular meetings.

The Club offers entertainment and instruction in the form of movies, which are always enjoyed by all. Movies of football, basketball, and baseball are the most popular; but also included are minor sports like hockey, tennis, swimming, and auto racing. These films shown to Cadets are of the top performance and excellent instruction by the great men and women of yesterday and today. Our hopes are that the club will continue to carry on in the future as it has in the past.

The Fork Union Military Academy NRA Junior Rifle Club is composed of cadets who take a genuine interest in shooting. A Department of Defense survey recently proved that a young man entering the Armed Forces, who was NRA trained, not only made a better adjustment in military life but vastly improved his chance of survival in combat. No one can teach a man to shoot overnight. For this reason, among others, every cadet at FUMA this year was required to take preliminary instruction and fire the basic NRA rifle course. The result was gratifying. Over 98% of the cadets at FUMA have qualified under NRA regulations from the novice rating of PRO-Marksman thru Distinguished Rifleman, the Highest NRA rifle award. The objectives of the rifle club are to develop qualities of sportsmanship, fair play, manliness, self control and cooperation, so essential to success in life. Cadets receive instruction in nomenclature, shooting techniques, and above all, safety in handling of weapons. Certificates of proficiency are awarded to Club members as progress through the various shooting stages is established. Outstanding shooters are invited to compete for a position on the FUMA varsity rifle team.

The Fork Union Military Academy Glee Club is composed of the members of the corps who love to sing. Numbering twenty-five members, it builds its program from the finest musical literature, secular, patriotic, and religious. The Glee Club presents a number of concerts throughout the year, both at the Academy and out of town. It is hoped that the experience gained will stay with these young men for many years to come and that the spirit of song will remain in their hearts. Our Director, *Captain* George Reton Edgerton, and *Miss* Rita Smith, our pianist, have been a great addition to our Glee Club.

The Guidance Club is designed to help members understand themselves and their potentialities; to meet academic, personal, and social problems intelligently, and to adjust constructively to their world and its needs. The objectives in presenting educational information are these: understanding the requirements for admission to the college which interest the cadets, discovering the availability of scholarships for college and developing good study habits. The presentation of occupational information has these objectives: to study the general areas of work and to study specific vocational and professional fields, to develop tentative plans for vocational or professional preparation upon graduating from F.U.M.A., and learn to locate and use reliable sources of occupational information. The objectives in presenting social information are as follows: to aid each member in achieving a better understanding of himself and a more mature relation with other people, to become more adept in the social graces, to appreciate the wise use of leisure time, to gain a better understanding of civic responsibility, and to foster the continued growth of ethical standards by which to judge personal conduct. The Club seeks to accomplish these objectives by using films, by members independently studying available materials of the club, and by encouraging private conferences with the sponsor and other staff members. The Guidance Club has accumulated a considerable amount of materials related to the above objectives. These materials have been placed in the Retan Library and are available to all cadets as well as members of the Club.

W. H. Hunt — *Program Chairman*

The Cadet Christian Union is designed to serve as a practical and useful way through which a wholesome Christian atmosphere may be exhibited and encouraged on our campus. Meetings are held each Monday evening at six-thirty, for fellowship and discussion of religious and related topics in general. The C. C. U. also serves as a link between the cadets and the local churches. Similar organizations are active in many colleges and schools and serve as the medium by which religious activities are made available to our students. During its eighteenth year as an active club at the Academy, the C.C.U. is under the direction of *Captain* Ronald E. Hignite.

The Order of DeMolay opened its club doors for the third successful year on the campus of Fork Union, in order to try to instill the virtues of life that are so important to all young men. One of the highlights the club has enjoyed was a marathon football game which lasted forty-one hours straight. On Mother's Day of each year the DeMolay put on the "Flower Talk" in the chapel. This talk commemorates the love for our mothers. In summary, the DeMolay is a fast growing campus organization, and it is hoped that it can survive the test of time, which the rigorous activities of cadet life are found to subject it to.

Our attentions were directed toward a historical retrospect of the development of Science and its implications with respect to humanities and modern physical sciences. In our club, we investigate the nature of scientific research through discussion, projects, and experiments. It is a desired outcome of our club that more questions are evoked than are answered, thus encouraging our members to search for the answers. The Science Club is composed of cadets who are interested in scientific and related subjects. Our club, through experiments and discussion, tries to give its members opportunities to see, understand, and appreciate better that with which we are not familiar or which we casually take for granted. The club desires to keep alive and develop the interest of cadets who seek knowledge in a scientific world.

The Junior Classical League is a national organization composed of local classical clubs in junior and senior high schools. 1967-68 marks the 8th year of the Fork Union Chapter. Presently there are eighty-five thousand members with the Fork Union Chapter contributing ten to this number. The Junior Classical League is the largest and fastest growing classical organization in the world today. Completion of our participation in the Latin courses offered at each school is the only requirement for membership. Once a student is admitted to the local club, he automatically becomes a member of the national organization and receives his pin and membership card. At Commencement the club presents a Latin award key to the member who has shown the highest academic excellence in Latin and who has made the greatest contribution to the activities of the club. The fundamental purpose of the Junior Classical League is to encourage among young people an interest in and an appreciation of the civilization, language, literature and art of ancient Greece and Rome, and to give them some understanding of the debt of our culture to that of Classical antiquity.

The Hobby Club was redesignated as the Model Building Club with activities directed toward construction and finishing techniques of various modeling materials. The interests of the club membership range from plastic cars, planes and boats to free flight and control line model aircraft. Some of our attention has been directed toward safer flying models and air and ground safety. The winter activities will culminate with a contest for the best models of various types and the pleasure of flying some of the models which were made during the year. It is hoped that the novice will learn how to keep from crashing his plane and that the flyers may become more sophisticated in their flying, and all will improve in their modeling skills. One goal of the club was to present to the modeler ideas for simple construction at low expense in terms of materials and the tools needed to work with these materials.

Chess is probably the most ancient of all games of pure skill. Its origin is lost in the legends and traditions of the past. In the hands of masters chess becomes one of the most intricate and interesting games ever invented. Its value as mental training has often been urged. Our club meets every Monday night, and the membership has doubled over the past year. During the year tournament matches are held among the members, and awards are given to the three top players during our commencement program. The Current Events Club meets at six-thirty each Thursday with *Captain* Charles L. Meadows as faculty adviser. The purpose of the club is to help the cadets keep informed as to what is happening in the outside world—both at home and abroad. Each week, a designated group is held responsible for securing or gathering the weekly news and presenting it to the club. The reporting of the news usually takes the form of reading excerpts from current newspapers and magazines. General discussions of the news is given by all members and in this way we all are better informed as to what is taking place in our world today. We strive in our club to stress the motto: "A Good Citizen is an Informed Citizen" and we feel that our club will enable us to live up to this motto.

The Radio Club is in its sixth year of active operation. The club is sponsored by *Captain* Jack E. Feathers, one of the mathematics instructors at Fork Union. The Radio Club has two arms of operation: The school radio station and the amateur electronics shop. The radio station is operated with the purpose of bringing to the cadet corps the latest in popular music, special announcements, and various programs of interest to the cadets. It also strives to teach members the efficient operation of a professional broadcasting station. The electronics shop, which is located in the chapel tower, is used for experimenting, short wave listening, and amateur radio operation techniques; building electronic equipment is also taught there. The club hopes to continue to serve cadets and bring a better knowledge to its members of the procedures of operating many kinds of electronic equipment.

This is the fifth year of operation for this club. Although there wasn't sufficient time to go into photography as an art, we did have some moments that reminded us of how absorbing photography as a hobby can be. The aim of the club is to give cadets an opportunity to develop the pictures they have taken. We have a room equipped with sink, tables, and many modern developing apparatus in which to do our work. The darkroom provides members with hours of fun and experience, while doing something constructive. The sponsor of the club *Mr. Bob Drumwright* has provided a great deal of aid in getting the club interested in taking and developing good pictures. All the members learned the technique of developing their own film. They even had a try at color. They had a number of field trips to such places as Colonial Williamsburg, Norfolk, Richmond, that made them more aware of the visual senses.

SPORTS

An intelligently developed physical education program is an essential element in the total education of all young people. As many authorities have said in years gone by: "A sound mind in a sound body makes a real man." Fork Union Military Academy, since its earliest days as a fledgling school in the rural environment of Fluvanna County, Virginia, has emphasized that each cadet should and must participate in some type of sporting activity both for recreational and body-building values. The Academy offers a very complete interscholastic and intramural sports calendar involving all the major sports and a large selection of the minor ones. The coaching staff is more than adequate and highly experienced, collectively presenting a most influential force for good upon the lives of the Cadets. This group of men devotes innumerable hours and apparently inexhaustible energies upon the training of cadets to become better athletes. Through their guidance young men learn one of the great lessons of life: that teamwork and sportsmanship do accomplish tremendous goals. Life, a great game all of us want to participate in and win, can be better played against the backdrop of a good physical education in the formative years.

We swear that we will take part in fair competition—in the true spirit of sportsmanship for the honor of our country and the glory of sport.

7 FREDERICK MILITARY ACADEMY vs. F. U. M. A. 3

Victory was virtually snatched from the grasp of the Blue Devils in their opening game against favored Frederick Military Academy of Portsmouth. The invaders from Frederick took the opening kickoff and quickly settled down to drive the ball. After two successive 15 yard penalties the F.M.A. offense sputtered. Through out the first half this was the story for Frederick. Because of penalties they could not sustain a drive and midway through the second quarter the momentum of the game switched to F.U.M.A. Led by the capable hands of *George Loukas*, the Blue Devils offense managed late in the second quarter to penetrate the tight F.M.A. defense sufficiently to set up a Fork Union field goal. *Florentino Frenchie Fontes*, our bare foot kicker, did the honors from the 29 and the Blue Devils went to the locker room at half-time hugging a 3-0 lead. The second half was a defensive game with both sides giving ground grudgingly. Late in the third quarter with the Blue Devils, backed up to the goal line and hurricane Doria's stiff winds blowing in their faces, were forced to punt, and the ball only traveled to the Fork Union 25. A Frederick halfback skirted end on the first play and got all the way to the 12. Frederick then went to the air. Sending two receivers into the end zone Kip Ashmore waited for his flood receivers to clear and halfback Don Bonelli caught a 12 yard pass for the T.D. It was a game of penalties. Other standouts in the game were *Jim Cox*, *Neil Langdon*, *Jerry Taylor* and *Tommy Pace*. A non-league contest ended with F.M.A. 7-3 victory over F.U.M.A.

14 HARGRAVE MILITARY ACADEMY vs. F. U. M. A. 9

The Blue Devils hit for the first score in the opening moments of the game. *George Loukas* threw a pass to *Steve Panepinto* for twenty yards and six points. *Ray Serva* kicked the extra point to make it 7-0. With less than a minute to play in the second half Hargrave Military Academy clinched their first win from the Fork Union Blue Devils in eleven years. In the second period Hargrave attempted an illegal pass in the end zone which was ruled a safety thus increasing the Blue Devils margin by two. Hargrave then marched from their forty to the F.U.M.A. twenty. There Ron Mohap threw a 20-yard pass to Tim Kirkpatrick in the end zone. The extra point attempt failed and the score was nine to six with three minutes left in the half. Hargrave kicked off to F.U.M.A. and after two series of downs, gained possession of the ball. They then marched down to the fourteen yard line and with one second left in the half, Craig Wynn fired to Kevin Karrs for fourteen yards and the winning touchdown. Myles Byrme ran the ball for the extra point. *Wayne Duncan* made a nice return in the second quarter for F.U.M.A. The second half was a hard fought defensive game and F.U.M.A. made several attempts for a touchdown but Hargrave held.

Tackles on F.U.M.A. Teams: Kent Gardner; *Paul* Elco; *Bill* Carter; *Jim* Lentine; *Ken* Reilly.

1st Team (Offense), Line: Mike Lyons; *Ken* Reilly; *David* Camporese; *Jim* Cox; *Bill* Carter; *Paul* Elco; *Ken* Popovich. *Backfield: John* Woodle; *Charles* Duerr; *Morris* Vaughan; *Neil* Langdon; *Coach Red* Pulliam and *Coach Bill* Keith.

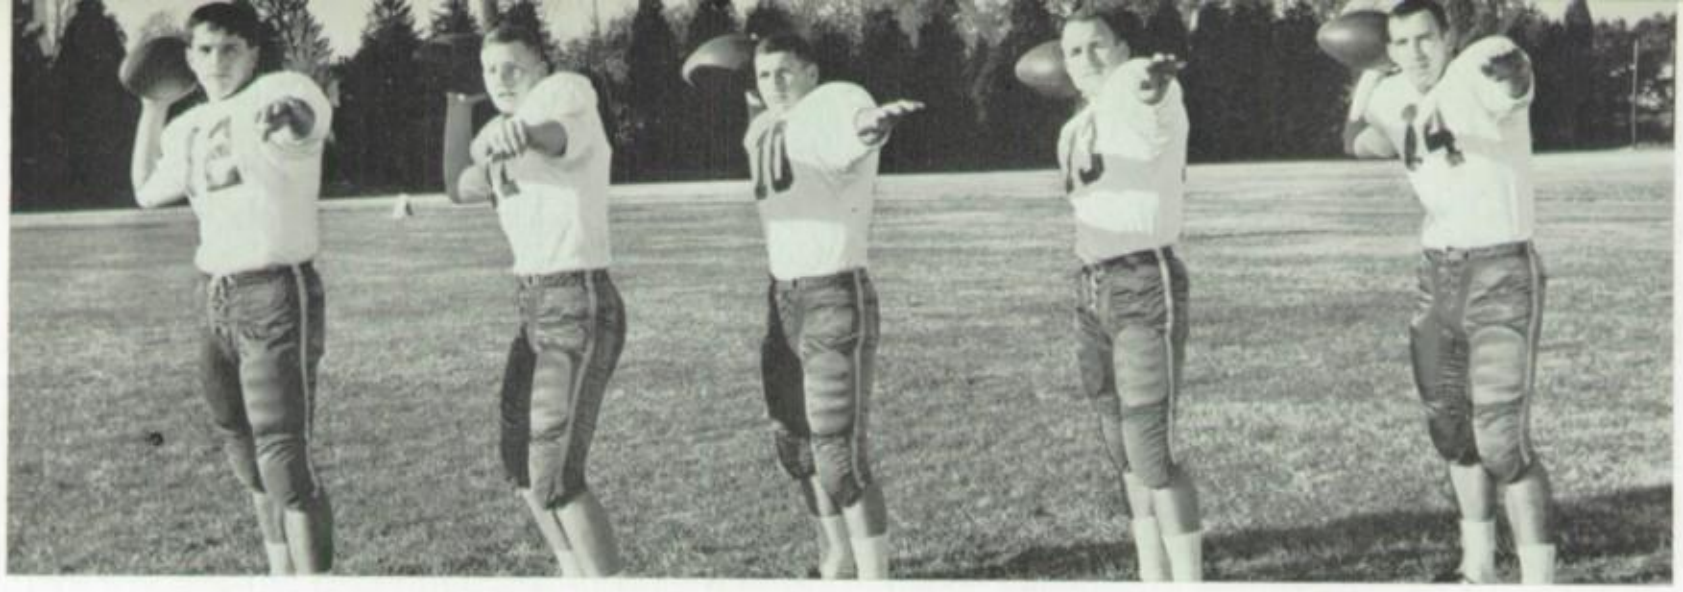
7 GREENBRIER MILITARY SCHOOL vs. F. U. M. A. 14

Fork Union Military Academy led by quarterback, *George Loukas*, upset heavily favored and previously unbeaten Greenbrier Military School. Greenbrier received the opening kickoff and drove seventy yards, and seven points. This drive was capped off when Rick Broleski went around end for ten yards and the score was 7-0. The Blue Devils stormed back in the second quarter, led by the fine running and passing of *George Loukas*, who also took the ball in from the one yard line, making the score at the half. G.M.S. 7, F.U.M.A. 6. The Fork Union defensive unit held Greenbrier throughout the third period. At the beginning of the fourth quarter *Loukas* found halfback *Wayne Duncan* in the open for a pass which was successful and *Wayne Duncan* raced 55 yards for a T.D. This proved the decisive touchdown. *Ken Popovich* caught the conversion pass from *Loukas*, making the final score, Fork Union 14, Greenbrier 7.

27 HAMPDEN SYDNEY FRESHMEN vs. F. U. M. A. 23

Hampden Sydney College Freshmen behind the passing of Quarterback Rick Beale, scored three touchdowns in the last half to edge out the Fork Union Blue Devils 27-23. In the first half F. U. M. A. immediately took control and scored on their second play from scrimmage, a 28-yard pass to *John Woodle* from *George Loukas* making the score 7-0. The Blue Devils scored again after Hampden Sydney quarterback, Rick Beale, fumbled on his own 20-yard line. F.U.M.A. then drove to the two yard line. *John Woodle* then took the ball in for the score. At this point with the Blue Devils ahead by fourteen points, it looked like a runaway, but Hampden Sydney fought back at the end of the second quarter to make the score 14-6 at halftime. The Hampden Sydney Freshmen received the kickoff and immediately scored. Then three plays later Fork Union scored on a field goal by *Florentino Fontes*, adding three points to the Fuma effort. In the fourth period, Hampden Sydney scored two quick touchdowns making the score 27-17. Late in the fourth quarter F.U.M.A. made a desperate comeback. *Steve Panepinto* intercepted a pass on the 12-yard line and raced 88-yards for the score. At this point the score was 27-23. The Blue Devils then recovered an onside kick but ran out of time and downs, making the final score 27-23.

Guards on F.U.M.A. Teams: David Camporese; *Ray* Serva; *Tommy* Pace; *Jerry* Taylor; *Wilmer* Weber.



Quarterbacks on F.U.M.A. Teams: George Loukas; *Larry* Blohm; *Morris* Vaughan; *Barry* Radcliff; *Joe* Opocensky.

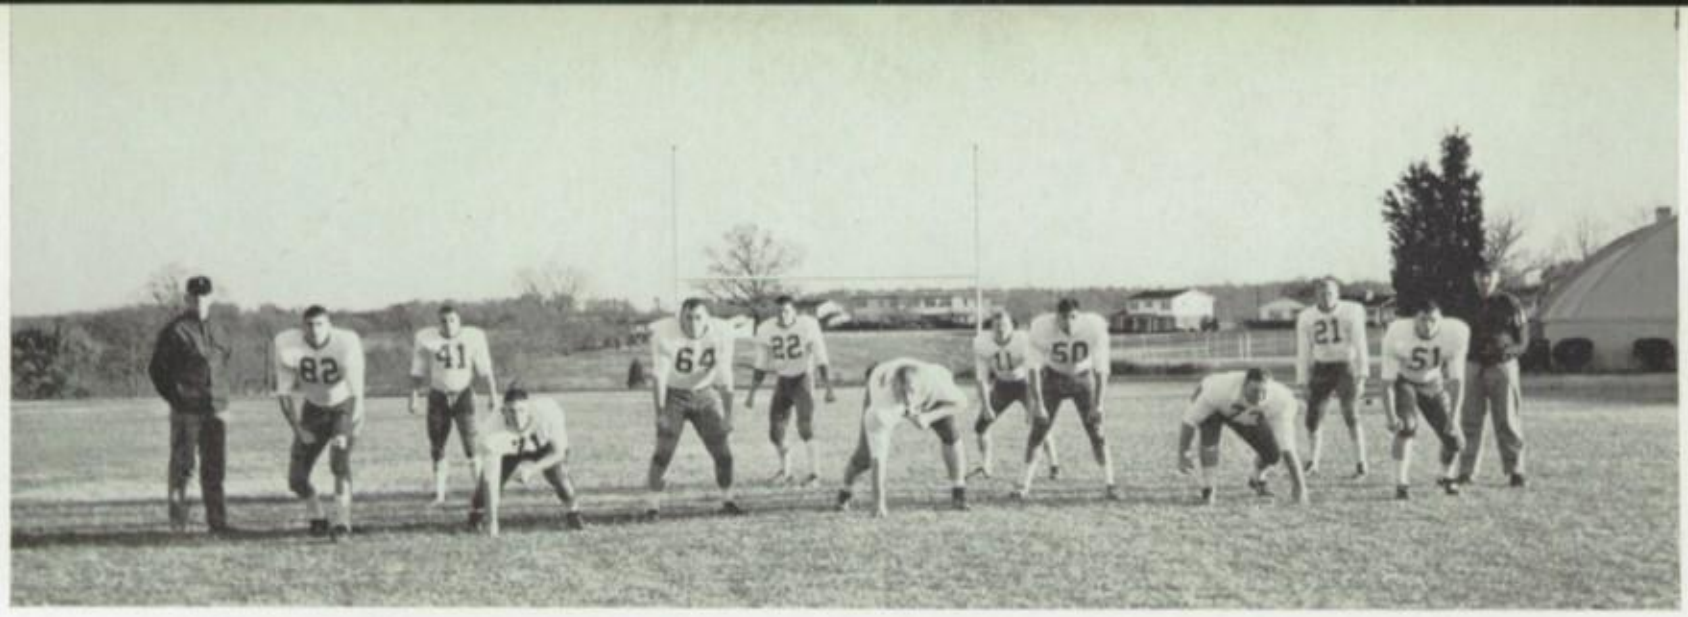
0 CAROLINA MILITARY ACADEMY vs. F. U. M. A. 34

Carolina was snowed under by FUMA's versatile offense that gained 129 yards passing and 195 rushing. With the aid of *Morris Vaughan* in the first half, the Blue Devils scored on a 22 yard pass play to *Steve Panepinto*. *John Woodle* was the standout in running the pigskin during the first quarter and continued through the game along with *Wayne Duncan* to defeat the Carolina defense. In the third quarter *Mike Lyons* caught a forty-yard pass from *George Loukas* to score Fuma's third touchdown. The Carolina offense was pressurized by husky *Ray Serva, Kent Gardner* and *Paul Elco*. *Loukas* drove the team again to the twenty and fired a pass to *John Woodle*. FUMA retained control of the ball almost the entire fourth quarter with touchdown runs by *Charles Duerr* and promising sophomore *Pete Pihos*.

20 UNIVERSITY OF RICHMOND (FRESHMEN) vs. F. U. M. A. 7

The score did not indicate the hard fought game as Fork Union could drive but not score. The first half was a defense game although the Blue Devils had several attempts at field goals and touchdowns but the aggressive Richmond defense intercepted several long passes. In the third and fourth periods Richmond scored three touchdowns and two extra points to make the score 20-0. On the kickoff from the last Richmond touchdown, *Steve Panepinto* on a determined effort raced 78 yards to score the final touchdown. *Frenchie Fontes* kicked the extra point. Although time was running out, Fork Union did get in scoring range again only to be defeated by another interception. We call this one, the game of interceptions.

Fullbacks on F.U.M.A. Teams: Jim McClendon; *Pete* Pihos; *Charles* Duerr.



1st Team (Defense), Line: John Wood; *Jim* Lentine; *Jerry* Taylor; *Kent* Gardner; *Bob* Priscoe; *Ray* Serva; *Jim* Wegmann. *Backfield: David* Hanel; *Steve* Panepinto; *Larry* Blohm; *Pete* Yevak; *Coach Bobby* Saylor and *Coach Bill* Blair.

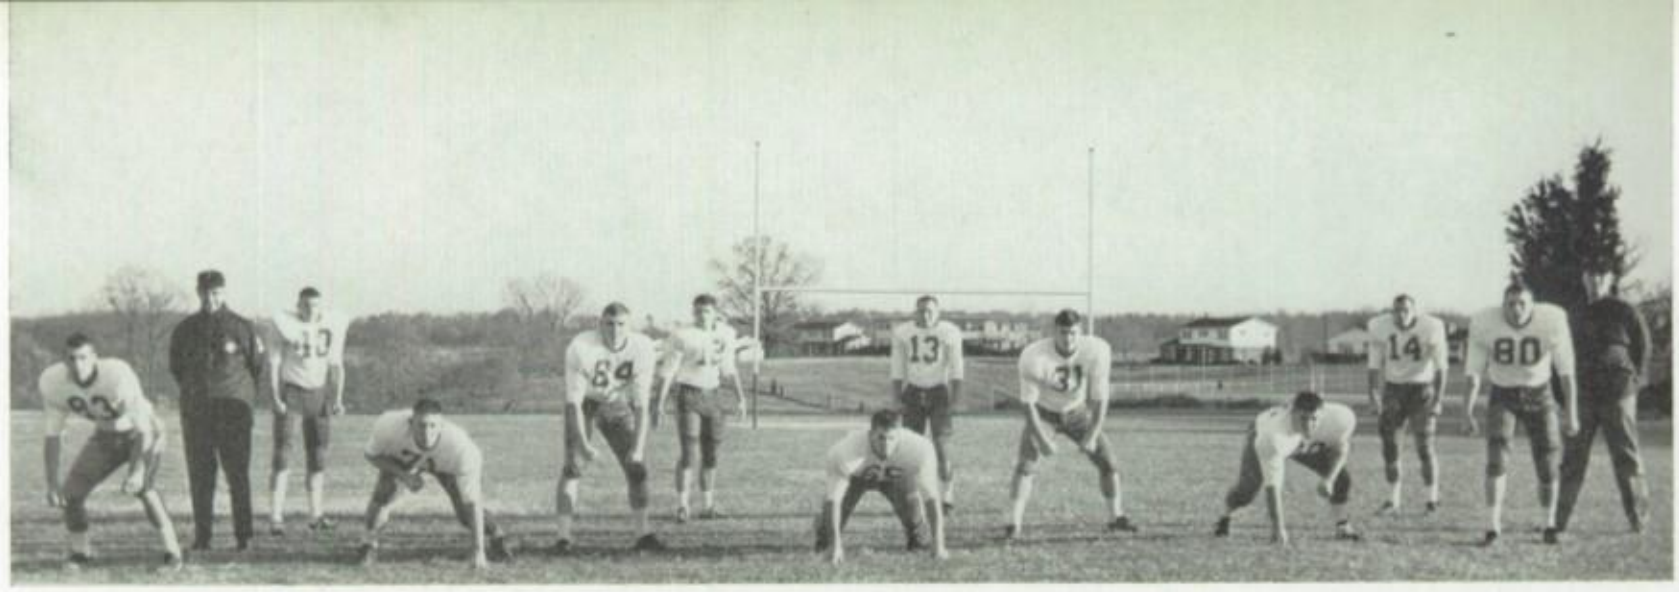
0 AUGUSTA MILITARY ACADEMY vs. F. U. M. A. 27

The Blue Devils star *Steve Panepinto* came through to score three of four touchdowns as Augusta went down 27-0. Our Blue Devils defense and offense took control in the first quarter and held it throughout the entire game. *Morris Vaughan* and *George Loukas* kept throwing good passes to ends *Ken Popovich, Mike Lyons* and halfback *Panepinto* to successfully roll over the Augusta squad. In the third quarter a run by *Neil Langdon* scored the final touchdown and stunned the Augusta team into submission. *Ken Reilly, Jim Wegmann* and *Paul Elco* played an outstanding game on the line and alternating centers *Robert Priscoe* and *Jim Cox* played a good game also.

0 FLINT HILL ACADEMY vs. F. U. M. A. 25

Flint Hill Prep showed up brilliantly against a fired up Fork Union defense, but was hampered by second efforts of the secondary. A field goal by *Frenchie Fontes* put the Blue Devils out in front in the first quarter. A hard fought game kept the score 3-0 at the half. In the third quarter the Big Blues turned on. First a safety by *Paul Elco* set up Fuma's scoring position. Then after several downs the ball moved to Flint Hill's fourteen yard line where *Morris Vaughan* raced it in for the touchdown and *Fontes* kicked the conversion. Seven plays later *Vaughan* threw to *Mike Lyons* for 15 yards and another score. F.U.M.A. defense was closing in more in the fourth quarter and this gave the offense the ball in time for a seventy yard drive climaxed by a two yard plunge by *Neil Langdon* for the final score.

Ends on F.U.M.A. Teams: Marty Martinson; *Bob* Gill; *John* Wood; *Ken* Popovich; *Mike* Lyons; *George* Morris.



2nd Team (Defense), Line: Marty Martinson; *Jim* Lentine; *Bob* Gill; *Wilmer* Weber; *Charles* Duerr; *Tommy* Pace; *George* Morris. *Backfield: Wayne* Duncan; *George* Loukas; *Barry* Radcliff; *Joe* Opocensky; *Coach John* Hunt and *Coach Bobby* Saylor.

7 STAUNTON MILITARY ACADEMY vs. F. U. M. A. 14

The big game was dominated by a keyed up Blue Devil squad pushed on by the Cadet Corps. Indeed the heros were not only offensive scorers but also the impressive defense that pushed the Staunton Hilltoppers off the field. The fifth straight Military League championship was held in balance as F.U.M.A. completely tied down the second, third and fourth quarters. The Blue Devils penetrated within the 30 yard line nine times while only scoring twice. Fork Union's rushing yardage exceeded 230 yards while Staunton was held to 42. The Blue Devils completed 5 out of 15 passes and Staunton took 7 out of 14. On the opening kick off S.M.A. fumbled on the 19 yard line and *Ken Popovich* recovered. F.U.M.A. did not capitalize. Eight plays later F.U.M.A. lost the ball on an interception but *Jim Wegmann* recovered the ball from a Staunton fumble. In the second quarter S.M.A. scored on a 49 yard pass play. The Blue Devils came back immediately but was stopped on the Staunton 16 yard line. Eight plays later F.U.M.A. began to drive and finally ended with a pass from *George Loukas* to *Steve Panepinto* for twenty-seven yards and a touchdown. The extra point failed however, and S.M.A. led at the half 7-6. Twice in the third quarter the Blue Devils invaded Staunton territory but failed to score. Early in the fourth quarter F.U.M.A. drove to the Staunton 30 yard line, but lost the ball. Two plays later *John Wood* recovered the ball that set up the final score. It took three plays to drive 28 yards. At the two *Neil Langdon* plunged through a solid wall of Staunton players and came out on paydirt. A pass to *Wayne Duncan* scored the conversion of two points. S.M.A. mounted a drive after the kick off but it was foiled by *David Hanel's* one handed interception in the end zone to assure Fuma's victory. Thus ended the Blue Devils season with 5 wins 4 losses. In league play it was 3 won and 1 lost.

7 GREENBRIER M. S. J. V. vs. F. U. M. A. J. V. 0

A strong Greenbrier J. V. squad edged out on inexperienced but hard working squad. The Little Blue Devils team had a lack of offense but did gain yardage on an impressive Greenbrier 5-3 defense. It was a hard fought game and the defensive team held tight until late in the 3rd quarter. Standouts were linebacker *Crossman* and fullback *Lambeth.*

38 HARGRAVE M. A. J. V. vs. F. U. M. A. J. V. 0

The Little Blue Team played a nice defense game in spite of the sad defeat by Hargrave. At the end of the first half we were trailing by 0 to 30. In the second half we came back to drive the ball several times within scoring distance only to be hampered by penalties and mixed signals. A number of our good players missed this game due to injuries.

13 STAUNTON M. A. J. V. vs. F. U. M. A. J. V. 0

A spirited Little Blue Team, who had suffered two defeats, was in fine shape and completely dominated the first quarter. In the second quarter the strong Staunton defense was too much for our small but spirited team. Lineman *Lutken, Wood, Pappas, Lendzian, Fletcher,* and *Lodge* played a good game on defense, while *Bill Stout* led the offense into scoring distance several times.

0 AUGUSTA M. A. J. V. vs. F. U. M. A. J. V. 20

After three hard fought games and never as much as a point the Little Blue Team with the aid of veteran player *Joe Opocensky* rolled up a 20-0 victory over Augusta. Halfback *Bob Huff* scored one touchdown and *Vicknair* received passes from Opocensky for the other two touchdowns. The defensive team held Augusta to virtually no yardage. It seems as if our Little Blue Devils are now showing some real team effort.

9 PRINCE EDWARD ACADEMY J. V. vs. F. U. M. A. J. V. 7

The only night game of the season for the Little Blue Team ended in a defeat by a strong Prince Edward team on their own field. Standouts on the line were *Cabaniss, Collins, Park, Pappas, and Fletcher. Joe Opocensky* led the team several times within scoring range only to be stopped by penalties and a strong Prince Edward line. Quarterback *Stout* and *Opocensky* were also aided by *Vicknair* and *Rodger Rothwell.*

24 WOODBERRY FOREST SCHOOL J. V. vs. F. U. M. A. J. V. 18

Our Little Blue Devils really put a royal battle in this their best and final game of the season only to have a strong Woodberry Forest Team walk away victorious in the last few minutes of the game. Fullback *Rod Lambeth* was the offensive standout by catching a 34 yard pass for the final touchdown. *Rodger Rothwell* played an excellent game and was responsible for most of our yardage for the afternoon. So ended our season, 1 win and 5 lost.

Senior Class History

APPREHENSIVE FRESHMEN—1964—'65

Despite our having "checked-out" the Academy in advance, there was something about the anxiety of that first day which made even the location of the school seem unbelievably isolated and forsaken. Amid the confusion, we acted like jugglers with the books, school supplies, and staggering issue of clothing from the Supply Department; however, perhaps the most devastating act of the day was the change into those ill-fitting fatigues and our forfeiture of suddenly priceless civilian clothes to sad-eyed parents. Any traces of nostalgia were short-lived as we participated in the intensive training routine for new cadets. We awoke to the amazing cacophony of the bugle each morning, little realizing the important role that inanimate piece of brass was to play in our lives during the next four years! This was the year we were initiated into the mysteries of house cleaning, the "spit shine", and "the pad." We also had our first taste of the military. There were military classes, and the memorization of the manual of arms, as well as the learning of military courtesy. It was our beginning, but the last year of R.O.T.C.

SOPHISTICATED SOPHOMORES—1965—'66

The long-awaited summer vacation of the budding Sophomore Class evaporated all too quickly, and those of us who fate had decreed to do so returned to the Academy. We felt an appreciable change in status as we were now among the old cadets. We knew the ropes, and it was our turn to extend a helping hand to the new cadets. *Colonel* C. B. Henderson had retired and was replaced by *Major* R. L. Pulliam as *Commandant of Cadets*. This year waxed long for many of us, and we looked forward to summer vacation with great expectations. Life was less phrenetic because we knew a little more about how to get where we were going.

CONFIDENT JUNIORS—1966—'67

We Juniors were accustomed to being away from home and looked forward to the new school year as a time of renewing old acquaintances, severely missing those who had not returned, and making new friends. Many of our number suddenly held significant rank and were taking an active part in the running of the cadet corps, together with members of the class who had already made their mark of distinction by participation in extra-curricular activities. The members of the Senior Class delighted in kidding us because we were "Juniors," but we consoled ourselves with the knowledge that "our day" was coming.

DIGNIFIED SENIORS—1967—'68

The well-adjusted senior had a slightly different approach to the first day of school. He really moved! How else do you get first bunk choice? This was his year! What a busy year it has been—more stress on grades than previously, those tricky College Boards, and applications to various colleges! This year *Colonel* J. C. Wicker announced his retirement as President of Fork Union Military Academy, and we wish him life's greatest gift, good health. Now that we are faced with our long-awaited Graduation Day, we find ourselves pondering the future with mixed emotion. Many events associated with Fork Union have become integral parts of our lives—our friendships, our close associations with the faculty and staff, and the enrichment of our bodies, minds and spirits. As we close this chapter in the *Book of Our Lives*, may we gaze at Old Glory proudly waving over the beautiful campus and realize that it was here we learned better to serve God, country, and fellow man.

AVE ATQUE VALE *(Hail and Farewell)*

Four years ago, in September of 1964, few, if any of us, gave much thought to graduation or to the fact that ours would be the seventieth class to be graduated from Fork Union Military Academy. Now that the ultimate goal of the Class of 1968 is at hand, one pauses retrospectively to consider his years at the Academy. There is among us the old "hard core" element who have been cadets for the full four years, and those who have joined the rank and file in the ensuing years. Whatever the length of attendance, we all have much in common. What opportunities presented themselves to us at Fork Union! What dedication was evidenced on the part of the faculty! We all experienced the sincerity of their counseling, advising, reprimanding, and encouragement to emerge better persons for having known them. It is with a deep sense of humility, gratitude, and reverence that we, this graduating class of 1968, stand to be counted as alumni of Fork Union Military Academy, going to take our places in the line of march toward a better life.

We can curse the fate that made us . . . Or love each living hour . . . If we do the job God gave us . . . Be we humble weed or flower . . . For each of us is needed . . .And each of us has worth . . . Or He never would have bothered . . . To honor us with birth . . . There is fragrance in the roses . . . And shade beneath the pine . . . And softness in the clover . . . And food upon the vine . . . And each one serves a different need . . . Just as you and I . . . Be we creeping in the valley . . . Or climbing to the sky.

A FINAL TRIBUTE FOR 1967-1968

We, the members of the Cadet Corps of Fork Union Military Academy's Junior School, are honored and pleased to end this 1968 edition of the *Skirmisher*, as it was begun, with a special and heartfelt note of appreciation to retiring President James Caldwell Wicker. Indeed, the separate Junior School Division of the *Skirmisher* is hereby respectfully and sincerely dedicated to Colonel Wicker. We do this in the hope that he will realize our awareness of an genuine gratitude for his twenty-three years of extraordinary service to the Junior School. Without doubt, he has been one of the most significant workers among those who have exhibited great interest in the welfare and further development of the Junior School, founded by Colonel Wicker's Father, Dr. J. J. Wicker.

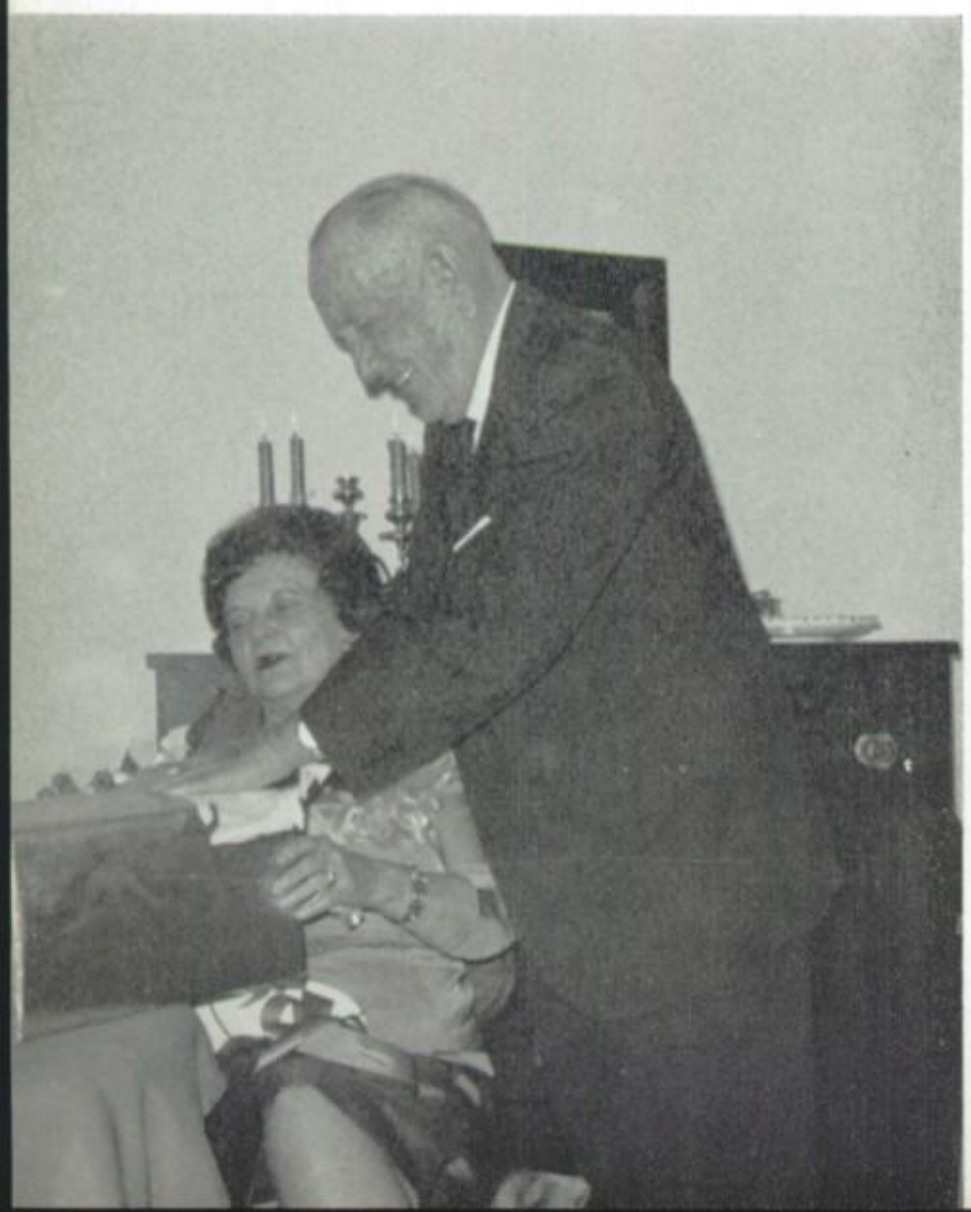
The influence of Colonel Wicker in the life of the Junior School has been through the years as unwavering and pervasive as it has been inspirational to thousands of younger citizens of the Fork Union academic community. In keeping with the spirit of our School's motto, he has truly challenged and enhanced the minds, bodies, and spirits of all of us through strong, understanding leadership and an unforgettably gracious personality.

The Bible speaks of Omega in the same context with Alpha-the end logically follows the beginning of all life's affairs-most regrettably, in the circumstance of Colonel Wicker's tenure as

Col. and Mrs. Wicker's daughter, Ruth Ann, and son-in-law, James D. Lynch, pose with children, Bobby, Ginny Ann, and George.

President of the Academy, the Alpha of a career beginning in 1945 has reached the Omega of a task magnificently finished in 1968. Colonel Wicker, on these final pages of the 1968 *Skirmisher* we tender to you a final salute as our beloved President and friend, and we wish you, most earnestly, Godspeed. We pledge always to remember your oft-repeated advice from the poem, *God Knows:*

> *"Go out into the darkness and place your hand into the Hand of God; that shall be for you better than light and safer than a known way."*



Col. & Mrs. Wicker celebrating their "Golden Wedding" Anniversary, November, 1967.

Acknowledgments

We, the members of the 1968 Skirmisher Staff, have enjoyed doing the work on this year's school annual. Within these pages is recorded a year of our lives and those of our friends and classmates but all of our work would have been of little value had we not had the support and aid of many fine people. The staff wishes to thank sincerely:

The Andre Studio Incorporated of Lexington, Virginia, and their staff for their excellent photography.

Mr. Irvin I. Silvers and the Garamond-Pridemark Press, Inc., Baltimore, Maryland, for their masterful printing and engraving which have added a great deal to our annual.

To our advisers, Major H. F. Reichenbach and Captain C. F. Hoffman, go our most sincere thanks for their beneficial help, supervision, understanding and kindness in making a fine book of our last year at Fork Union Military Academy.

Colonel Frank A. Crockett, Major J. W. Pendergrass, Major Irving A. Howell, Major James D. Lynch, Mrs. Ellen B. Stevens, Mrs. Robert M. Ivins, Mrs. William H. Miller, Mrs. Robert L. Pulliam, Mrs. Gayle Clark, Captian Bob Spencer, Captain L. H. Haliburton, and Mr. Bob Drumwright for their invaluable aid and co-operation.

We would like to express our appreciation for the opportunity that was given us and also for the help which we received from those who have contributed so much.

eternal bond of friendship with the Commandant's Department. *J. O. Downham III,* in departing from FUMA, says: "When I have become a man, I shall leave behind childish things; thus, I leave to anyone needing them my rifle, my helmet, my boots, ad nauseam." *Skip Whittier* (*Whip Skittier*) bequeaths to J. V. Wells four red-line, wide-oval tires in the hope that they will get good use on his 396 in the coming year. *Flipper Smith* and *J. O. Downham* will to Moe Molinero, Steve Smiley, Neal Thomas, and Graves Vann the ability, motivation, and devotion that have made them the outstanding mermen of the century. *Booger Osborne* leaves to "Many Joe" Opecensky a set of braces for his teeth, a sugary Southern accent, and a one year subscription to *Playboy* to be shared with Jan Fraley. *Kevin Reynolds* bequeaths to R. W. Thompson, a second place only in the FUMA car sales competition; he hopes that his efforts will be more fruitful in college. *B. M. Harris* leaves his habit of throwing hair out of windows just as faculty officers walk under them to all cadet barbers. *Dave O'Neill* leaves his unbelievable laugh to the next guy in Band Company who can master it. *Nels Nelson* bequeaths his nickname, "Lothario," and his third platoon of Company "B" penthouse to D. C. Lutken, who should be able to use both in admirable fashion. *Ronnie Powers* leaves his comic-book Southern accent to Sam Stankie, who admires it so much. *Steve Parsons* leaves a certain T.V. antenna, willed to him last year, to the next occupants of Band 112. *G. P. Bartley* leaves his three year tenure as a private to his brother and his love-life to Roger Francis. *Robert Thompson* bequeaths his ability to sell Fords to anyone who meets the qualifications. *Hal Bowman* leaves his ability to make Master Sergeant after seven years to anyone who will take it. *Jeff Parrott*, hoping to spread an interest he has in aviation throughout the Corps, wills his pilot wings to any interested cadet of the future. Cadet Parrott also bequeaths his tremendous abilities in directing musical groups to Jim Stephenson who plans again to be a member of Band Company next year. *Roberto Bob Gonzalez,* the Puerto Rican "Lothario", leaves his American accent to Felix Rexach, hoping that it will enable him to communicate with others very well indeed. *Steve Morris,* captured by the ambivalence of one moment in time, wishes to convey to each freshman entering F.U.M.A. in September his heartiest congratulations and deepest sympathy. *Jim Stoneman* wishes to convey to anyone wanting it, his room in Agony Hall and simultaneously, his heartfelt condolences.

It is hereby directed that all the possessions, perquisites, and responsibilities specifically mentioned above are duly and legally passed over to the severally named recipients immediately upon the conclusion of Commencement Exercises in June. We appoint the Class of 1969 as our distinguished executors and appeal to them for a just and utterly dispassionate accounting in September, 1968.
